Russian Tattoos Obsession

Synopsis

Falling in love isn't a crime but falling in love with a Russian mafia boss could be deadly. Competitive tennis player Carter Cook wants a taste of freedom. Her overprotective father monitors every aspect of her life, so when he becomes employed by Vladimir Ivanov—a sexy Russian with an array of tattoos and an accent that weakens her knees—a bit of danger is within Carter's grasp. Behind her father's back, she enjoys spending time with Vladimir at his lavish estate. But is he really the upstanding businessman she believes him to be? Vladimir Ivanov reigns as godfather of a Russian mafia crime ring. Vladimir spent five years of his life in a Siberian prison camp and has earned every tattoo inked into his skin. He is a powerful man who gets what he wants, and after stalking the gorgeous tennis player for years—he wants Carter. A little charm melts her heart, and behind the scenes, he orders his henchman to track her every move. He's a tattooed stick of dynamite ready to blow at the slightest spark. As their romance reaches deadly levels, Carter senses something's not right. When she's lured into a compromising position at the hands of a shady European drug dealer, she calls in Boris, Vladimir's right hand man, to rescue her—without telling Vladimir. With his authority questioned, he sets out to teach Carter a lesson about loyalty she'll never forget. When Carter realizes she's in too deep, she must fight for her freedom before the attraction turns fatal. But the Russian mafia plays for keeps, and Vladimir's fierce lust to possess her spirals their romance out of control.

Customer Reviews

5 oh my gosh stars!!! I received this book as an ARC, and honestly I had no idea what I was getting. When the book showed up on my Kindle, I could not even remember what it was supposed to be about, romance-I figured? So I started reading about Carter, a college freshman who's dad gets a new job opportunity when her family is about to lose everything. The one stipulation; the new boss, Vladimir wants to meet his daughter. From page one you are asking yourself questions, and it does not stop until the end, and then some. Vladimir is a Russian Mafia mob boss; aka pakhan in Russian. Vladimir is sweet and enduring, but when the pakhan has the "crazy in his eyes" as Carter says, you fear for your life. This story is told from Carter's POV which is perfect as we feel every emotion with her- happiness, love, lust, and especially fear. We find out early on that Vladimir and Carter have something in common, Carter's deceased older sister Sophia, hence the reason Vladimir has come into Carter's life in the first place. Vladimir hires Carter to work for him around his house after classes and tennis practice, this way he keeps her close and seduces her through praise and adoration. Carter always has eyes on her through Boris, Vladimir's sovietnik-trusted advisor. Carter and Boris have a trusted love hate relationship as Boris goes through any means necessary to prove a point or protect Carter. Yes this book has many many references to the mafia, and the dangerous encounters that happen in the world of the Bratva (Russian mafia family). Some scenes are very descriptive and can be very upsetting.

---Read and reviewed for The Bookery Review---I knew nothing about this book or about this author when "Russian Tattoos" "Obsession" landed on my Kindle. "Russian Tattoos" is Kat Shehata's debut novel in this genre and I must say that she did a wonderful job. This story is so much more than what is in the blurb. It took only a couple of minutes to finish the first chapter and I was wondering: what the hell?? After this moment, you know there's so much more than the story can tell. Carter is a nineteen year old student and a brilliant tennis player that still lives with her family when her father, suddenly, gets a job working for Vladimir Ivanov, a twenty seven year old Russian and CEO of a high rated company. From the beginning of the story, I started to realize that things didn't match. That there are missing pieces everywhere. Why is Vladimir obsessed with Carter? That's the main question. The story is told from Carter's POV which allows us to feel

what she's experiencing in each moment. There's a lot of tension and some scenes are very disturbing. She's young and naïve and Vladimir is anything but. Add Boris, Vladimir's right hand and a man with no boundaries. His life is dedicated to protect the pakhan, no matter what and no matter who. When I reached the 70% mark, I found myself questioning everything and everybody. Is this really what it seems? I trusted no one at that point. At first, I didn't understand Carter very well. But as the story evolves, I realized that she's playing her own game too and that she's a strong woman, capable of dealing with Vladimir's dark side. Everything is very suspicious but one thing is certain: this is just the beginning of something HUGE! It's like if we are getting only a taste of what is yet to come.
