## Customer Reviews

My son loves these Minecraft books and I've been successful in pulling him away from the game to read something - finally. He particularly likes the Minecraft Diary series and this one has him hooked. This second book in the Quest to Kill Herobrine is about a Minecraft battle between Herobrine and Nina. This is both a battle of strength and of wills as these two fight over an ancient sword. I think that I am enjoying this series as much as my son, with the suspense, drama and adventure that is woven into each story. We are looking forward to the next one.

pass off these books as ones by the Minecrafty Family! This book is NOT by the bestselling authors, Minecrafty Family. The Minecrafty Family started publishing their bestselling series, "Diary of a Wimpy Steve" on Dec. 7, 2014. Don't buy books from this scammer! It's just not right! Don't support a thief like this!

Okay who's the hero and who's the nether lady? Also, nice book. I recommend it. Cool
