## Customer Reviews

I have been playing WFRP and other RPGs for over 25 years and I have to say that, in my opinion, The Enemy Within is the best campaign written for any game system out there. There is plenty of fighting for those that can't get enough hack and slash and enough intrigue to satisfy those that need a strong plot line. A great balance of everything needed to provide hours and hours of fun. I played this campaign back in the early 90s and am planning on running it again for my group. These books are a bit pricy but well worth it. They really shot up in price I noticed after the 3rd edition came out (which is a joke). The adventures can be run as separate adventures, but I strongly suggest that you string them together and play them out as a campaign. The Enemy Within Campaign is made up of the following linked adventures (this is book 6): 1. The Enemy Within "Mistaken Identity" 2. Shadows Over Balthagenhafen 3. Death on the Reik 4. Power Behind the Throne 5. Something Rotten in Kislev 6. Empire in Flames

This is definitely one of my favorite Army Books for the 5th Edition of Warhammer Fantasy Battle. It is more than I originally expected, and has wonderful illustrations that inspire me to further my collection.

This is a amazing book read it along time ago when I was young and buying it again
