Understanding Social Welfare: A Search For Social Justice (9th Edition)

Synopsis

Focuses on values and the historical impact of socio-economic structures. **Understanding Social Welfare: A Search for Social Justice** is presented in an organized, comprehensive, and scholarly manner, including social policy concepts. It is accessible to students and helps them acquire the basic tools for understanding, analyzing, and evaluating social welfare policies and programs. This text focuses on the impact of social structure on people's lives, emphasizing the current concerns of diverse client populations and the search for social justice. It places U.S. welfare in philosophical, political, economic, and international contexts, and includes the latest discussion of policy issues related to gay men and lesbians.

A better teaching and learning experience This program will provide a better teaching and learning experience--for you and your students.

Here's how:

- Improve Critical Thinking** Challenges readers to make their own decisions as they encounter policies and programs with enhanced knowledge and analytic skills.
- Engage Students** Presents the historical evolution of social welfare and focuses on issues, trends, and conflicts in the context of influential societal developments and values.
- Explore Current Issues** Includes the latest discussion of policy issues related to gay men and lesbians.
- Support Instructors** An Instructor's Manual and Test Bank, Computerized Test Bank (MyTest), Blackboard Test Item File, and PowerPoint presentations are included in the outstanding supplements package.

Customer Reviews

This textbook was in great condition when it came to me! The person who had it before had written

notes in the margins in pencil, and since they were helpful I didn't erase them. This textbook will hold up for my whole career!

I had to apply this book for my sociology class. From front to back the materials were engaging. Dolgoff and Steinfield (2007) provided a great comprehensive perspective of social welfare. All information was easily read and flowed smoothly. The vital thing is that the book is worth keeping and the information can be applied to world circumstances. The book provides a great understanding of the functional, conflict and interactionist perspectives into social welfare.

I've used this book to Teach and introductory class. Only complaint - on Kindle it is a pain in the neck - can't adjust the print size, etc. It did work fine on my computer, however.

I had to purchase this book for a social work class. This book is a good review of the history of the social welfare system. Some of the chapters in the book are long, but it is informative. The book explains about the social welfare programs and laws that became part of the social welfare system.

I'm writing this review because the emails asked me to. =D If you have a genuine interest in policy and history this is a useful text. The opinion stated here is based off of my limited reading of the book because I have yet to read the text in its entirety.

I bought this book for a class and the book was everything that the caption said it would be. It was not damaged and the book itself proved to be a book to keep for reference for other classes.

clear and easy to understand. uses past history so as to compare with today's arrangement for social welfare. has proven to be helpful in my class for review and discussion

I won't say that I like this book at ALL! But as far as the purchase it came in a very timely manner and it was basically brand new and had all the pages and chapters!
