- Explores the many archetypes of the Goddess, including Isis, Brigit, and the Black Madonna, and how we can transform into Homo luminous, spiritual beings of light

Called through her dreams by the Priestesses of Isis, Tricia McCannon set out on a spiritual journey into the Mysteries of the Goddess. After a fateful encounter with a high initiate of the ancient Fellowship of Isis, she began researching the history of Judaism and Christianity to find out how and when the Divine Feminine became lost. She discovered a forgotten age when the Creator was honored as female and humanity lived in peaceful societies completely free of war. She shows how we can return to an age of peace and celestial light if we work to bring the masculine and feminine energies of the world back into balance. Sharing her journey into the heart of the Divine Mother, McCannon details her initiation into the Fellowship of Isis, a process rich with ceremony, ritual, and myths of the Goddess from ancient Egyptian, Celtic, Greek, Hebrew, and Native American traditions. She reveals how the many archetypes of the Goddess, including Isis, Ishtar, Brigit, and the Black Madonna, can become our allies for self-transformation. She explores Mysteries at the heart of Christianity that have remained hidden for nearly 2,000 years and how the Gnostic goddess Sophia is tied to the Second Coming, Mary Magdalene, and the Female Christ. She reveals the lost teachings of Jesus about the Divine Mother and Father and about the Divine Daughter and Son. Through her story and her in-depth research, McCannon takes us on a journey to awaken the creative power of the Divine Feminine within each of us. Equipped with the teachings of the Goddess, we gain the mastery to overcome the deeply rooted masculine-feminine imbalance of the patriarchy and to embark into the future as Homo luminous, beings of light.

The Return of The Divine Sophia: Healing the Earth through the Lost Wisdom Teachings of Jesus, Isis, and Mary Magdelene by Tricia McCannon takes us on the authors personal journey to discover the Divine Sophia and how to awaken the divine in our lives. Through the authors own journey and using her scholarly research we are taught about the ancient wisdom teachings of Jesus and Mary Magdelene. We are taught about many different Goddesses and their impact on our world. We are shown how the Divine Feminine can bring harmony to our world. We are also shown how all the religions of the world started with both the Divine Femine and Divine Masculine. I enjoyed this book immensely and would recommend it to anyone wanting to learn about the lost wisdom teachings of the Ancients. I acknowledge that I recieved this book free of charge from Bear & Company Books in exchange for my honest and unbiased review of the book.

I will start by saying I am very happy I ordered this book. I had the honor of attending one of the author's public appearances several years ago. I totally agree that the teachings of the Doctrine of the Churches of this world have gone astray as Tricia clearly states in these pages. She has done a wonderful job on this book to show the true problem of how this world of ours has missed out when it fails to honor both the Divine Mother and Father at the same time. I have always been exposed to the worlds of past lives reincarnation and other metaphysical thought patterns by many people throughout my life. It was and has been refreshing for me to know people Like Tricia McCannon are still working to do their best to bring the light of truth for our spiritual growth to all people on this physical plane. Thank you Tricia for all you have done for everyone throughout the years and Thank you for your expedient delivery of one of the best Devinely Inspired books I have read in a long time. GREAT READ! I really had high hopes for this book because I had read this authors previous one on Jesus. Reading this book, I felt that the author kept on giving a sermon about her personal viewpoints regarding spirituality. Furthermore, she made blanket statements of other religions that were based

on her prejudice's of them, and presented some "facts" about them that are simply incorrect. I did enjoy reading about the divine mother and her unifying thread throughout history and the history of this world. For all of this I am giving this book a mixed review.

I couldn't write a review four pages long but there are plenty of reviews for this book already... However this book has made an incredible difference in my life and this author is superb!! A must read...

I love this book! Tricia McCannon once again shares her very personal journey into the exploration of the Godhead and offers the reader a very compelling viewpoint of the Divine Feminine . A must read!

Incredible Read!! I had a hard time putting it down. Every word spoken resonated at a soul level. I will be recommending this book to all my friends. I can't say enough.

I really love all of McCannon's work and it resonates with me. This and her book on Jesus were amazing. I had a much deeper connection with the Divine Mother and the issue that the Divine Feminine has been basically shut up in a locked closet for thousands of years and its that truth why there is so much plight in this world. This is the Divine Feminine that is in all of us, the side of us that nurtures, loves, connects on an intimate level. The masculine has been the Dominator and that is not what the holy masculine is supposed to do. It was never supposed to be about the dominated and the dominator. It was never supposed to be an Us Verses Them. Men were not supposed to own women, we were not supposed to be subservient. This role thing we have been conditioned in has HURT both sexes. It has hurt our relationship with each other. And it bleeds into all things, our politics, our businesses, our societies. OUR RELIGIONS in a big way - the religions have been part of how it has been conditioned into us. This is not what Jesus taught. This is not what Mary Magdalene taught. Tricia's writing also is well done. A lot of healers who are writing about their journeys cant really write really well. I read their books and think - I really love their story but no they are not really WRITERS - they are healers who have a story to tell. Tricia is a healer, an empath, a woman highly developed on her spiritual path towards enlightenment AND she knows how to write.

The book is exactly as the excerpt leads you to believe. I enjoyed reading it, being taken through Tricia McCannon's experience learning. The book itself is published well. I like the cover art and

quality.
