Through The Eyes Of Love: Journeying With Pan, Book One

Synopsis

Twenty years after the release of Michael J. Roads two best-selling books, *Talking With Nature* and *Journey Into Nature*, Michael writes of his dual journey: the experience and insights gained within the energetic fields of Nature and humanity--and his journey through sadness, grief and loss under the guidance of the very person for whom he was grieving. Michael learns that looking through the eyes of Pan is the same as looking through the eyes of Love. And this was not an easy lesson! This Second Edition contains a new Introduction and revised content.

Customer Reviews

I read and reviewed the author's previous books *Talking with Nature*, *Journey into Nature* and *Journey into Oneness* and was enthralled by them. In this book Michael has just lost his beloved wife, Treenie, whom he was together with for many years, and is devastated. Eventually, he is again able to communicate with Pan, the God of Nature, with whom he discoursed in his previous Nature books, and Treenie makes contact with him too. The two often appear together. Michael lives in Australia and devotes his energies to cultivating his garden. He enlightens us about the energies of Order and Chaos, which he is able to see. Order is black, and is the stability of structure. It keeps things together, but it does not generate growth. Chaos is a red energy and is the engine that drives. The two are in synchronicity, not opposition. The energies of Chaos and Order are constantly in torsion, swinging back and forth. Balance is the state of greatest potential. We learn that Treenie had to pass over when she did, since Michael was emotionally dependent on her, and could not evolve further spiritually while she was alive. With Pan's help Michael begins to make

journeys in his Light-body and passes on his impressions to us, including about the Chaos/Order energies, Travelling in his Light-body Michael is much more aware, with a greater ability to engage life on deeper levels. He explains how he does this, and tells us that it is something we all can do, but requires practice. With Pan's guidance, when travelling in his Light-body Michael can look back on his life and see himself having previous experiences with more insight into what actually happened.
