## Synopsis

The Lintha are the South's most infamous buccaneers, a deadly gang of pirates so daring as to war with the pirate-lords of the Coral Archipelago to the north and to attack trade as far east as Chiaroscuro, all while under the attention of three imperial fleets and countless local navies. All those who enter the Family are bound by terrible oaths -- oaths so fearsome, it is said, that even the ghosts of the Lintha's dead comrades rise from the Underworld to protect the Family's floating stronghold of Bluehaven. The Glorious Principalities of An-Teng: Blood and Salt details the Lintha Family's organization, history and dark practices, and the geography, culture and history of the lands of An-Teng, an ancient and decadent civilization that lies north of the Silent Crescent. The book also describes many of the gods and monsters of the Southwestern Ocean -- providing everything needed to run games set in the exotic and romantic lands of the Southwest.

## Customer Reviews

Exalted's sourcebook on the Southwest. You get a fairly detailed description of the geography, politics, and culture of the kingdom of An-Teng and the Lintha pirates. An-Teng is based loosely on Colonized Southeast Asia, although I don't think the guy who wrote it actually knew anything about Southeast Asia. But who cares about that nerdiness, An-Teng would be a fun place to set a campaign of any nature. There's also a Chapter on Lintha, but it's off the wall in a bad way. I don't think I'll ever use it in a campaign. Finally, there's an Antagonist Chapter, containing the usual array of Gods, Exalts, and plain old weirdoes. The antagonists are interesting, but I doubt many of them

would challenge a Celestial Circle. Overall an interesting book, but not as good as the rest of the line.
