Product Dimensions: 10.9 x 8.4 x 0.9 inches

Shipping Weight: 2.2 pounds

Average Customer Review: 4.2 out of 5 stars [See all reviews](#) (6 customer reviews)

Best Sellers Rank: #1,852,269 in Books (See Top 100 in Books) #29 in [Books > Science Fiction & Fantasy > Gaming > Other Role-Playing Games > Exalted](#)

Customer Reviews

loved this book it describes the raksha in great detail; allowing us to understand their alien natures while being given the chance to act out their stories. the rules however differ very little from the last edition and unless your going to play in creation you could just use the rules from Exalted: The Fair Folk. Artwork is great if a little light compared to the other Exalted books

I really loved this book a lot. I did not play Exalted first, so besides the main rule book, this is my first exposure to the Fair Folk and the Wyld. For me it described the raksha/fey/fair folk very well, helping a player and Storyteller alike to understand their weird and alien natures while being given the chance to play out their tales, and run a game exclusively from the Fair Folk's point of view. I really like the artwork, especially the cover, though as mentioned by another reviewer it seems less than other books. For me, though the content brings this book up to 5 stars.

I bought the book for my sonin law and he has not but it down since he got the book. He says he really likes the book
