Customer Reviews

This is a codex, soft cover exactly what you would expect from a codex. If you have never seen one before it basically everything you need to know about play, fielding, painting, history, and rules for Imperial Guard race. its very well written with great full color illustrations. It's an obvious must have for anyone playing this race.

It has a lot of details You'd need but it doesn't have as much going on as the Space Marines codex has. I just wish that they would put in a bit more effort into these guys as they've done with the Space Marines

It came quickly and in good condition(the corner was a little bent but it was very small). I love the codex, it looks great and is easy to read. i suggest to buy new since it is a bit more special. If you buy this you will need the actual rule book too which is a little pricy
