# Deathstalkers II: The Fantasy-Horror Role-Playing Game

## Synopsis

THE SINGLE LARGEST SELF-CONTAINED ROLE-PLAYING GAME IS NOW AVAILABLE ON KINDLE!The world is a broken and ruined place. The great kings of men have fallen and their kingdoms wiped from the face of the planet. The races of the world are divided and leaderless; the heroes of yore are but a whispered memory. The Juggernauts--the great foes and destroyers of kings--once thought gone from these lands, have arisen once again. Here, in the lands of Arkastapha, where they once sought to destroy kingdoms, they now seek to obliterate the last races of the world. But another threat rises against man as well. The Demons, once content in the frozen arctic wastes, have become restless and weary of man. Too long have they suffered the frigid north, and now they seek to rise up and take the world for their own. Fearsome and terrible fiends are they, and all who gaze upon them tremble and despair. And one by one, as war tears apart the cities of Man, the races break their allegiances of old and leave their ancient comrades to whatever end. The thunderous footfalls of the Juggernauts now echo the final tidings of doom, and the cities burned by the Demons are but beacons of death and failure. But ever is there hope. In time there may arise new heroes, like those of legend, who would dare tread the roads now cloaked in shadow. Some may seek treasures long forgotten; others may seek out fame. Still others may reach for a higher goal and seek a means to unite the races once again or raise an army mighty enough to face the Juggernauts. All this here, in the lands of Arkastapha, where only the brave dare tread.\*
