# The Children Of Eve: Population And Well-being In History

## Synopsis

The Children of Eve is the first book to bring together general material about population and well-being in a single volume. It presents a world history of demographic and economic change that ranges broadly over time and space and which emphasizes the commonality of human experience. The first book to put together material about population and well-being in a single volume. Emphasizes the formative population history of Europe and North America over the years since the Middle Ages, and includes discussions of Asia and the southern hemisphere. The authors successfully maintain the difficult balance of addressing complex issues in a style that doesn't over-simplify the subject, whilst upholding an approach that is accessible to general readers and students. Designed to work as both a stand alone text or a supplement to textbooks in any number of courses.

## Book Information

Paperback: 416 pages

Publisher: Wiley-Blackwell; 1 edition (March 27, 2012)

Language: English

ISBN-10: 1444336908

ISBN-13: 978-1444336900

Product Dimensions: 6.8 x 0.8 x 9.7 inches
