How Obama Betrayed America....And No One Is Holding Him Accountable

Synopsis

Lying about the reasons that an ambassador and three other Americans were murdered in Benghazi on 9/11/12â€”jihadi terror, not some trivial internet video was to blameâ€”is only one of many indications that Barack Obama does not take the threats facing America seriously, and indeed, may think that the U.S. is so guilty for past transgressions that it deserves to be chastened on the world stage. As David Horowitz shows in this no holds barred pamphlet, minimizing the Islamist threat to the United States is not an oversight of the Obama administration; it is policy. The most dangerous Islamist regime, Iran, is being allowed to acquire nuclear weapons while Washington dithers over pointless negotiations and stands by as the mullahs fill the vacuum in Iraq created by the withdrawal of all American forces, against the advice of the Joint Chiefs of Staff. In Afghanistan, supposedly the "good war," victory is not an option; the Taliban licks its chops and waits for American troops to leave in ignominy. Meanwhile, this White House has facilitated the rise of the Muslim Brotherhood throughout the Middle East, helping it come to power in Cairo, bankrolling it and giving it F-16s that are likely someday to be used against Israel, and displayed weakness in Syria by ignoring "red lines" it said would never be crossed. It is a low point for America, as David Horowitz shows, with Republicans, traditionally the party of strong national security, offering only an echo, not a choice in American foreign policy, watching in a state of policy paralysis as Obama appeases our enemies and enables their evil ambitions.

Customer Reviews

America will suffer for years after Obama leaves the presidency. Too many people ignored the warning signs for his second term. He has offended our friends overseas and given them doubts of American strength of purpose and integrity of our word. Our economy has moved closer to the European type Socialist approach which has failed repeatedly to satisfy the needs of the people. Many people will "pooh-pooh" the failures of the Obama government as brought out in this book but it is an honest attempt to point out the Obama "trainwreck"!

Not everyone grasps the true danger of Obama's betrayal of America. David Horowitz totally gets it and tells it like it really is--that Obama does not really care about anyone but himself and will go to no limit to ruin our wonderful United States of America. Why would anyone who is so anti-American want to be president unless, as Horowitz writes, he had a betrayal agenda. We should grieve.

Obama defied the U. S. Constitution, why are they not following Article II Section 4? He has defied Article II, Section 1 paragraph 5. He has neglected his duties as stated in Article II, Section 2. Paragraph 1. He has ignored Amendment's IX and X. He is trying to change Amendment's I and II without due process. He has bold faced LIED to the American people. "Period".

In a few readable, compelling pages David Horowitz recounts exactly how Obama betrayed his responsibility as Commander-in-Chief to defend this nation against its enemies. And he is continuing to do it today, aiding Islamist supremacists like the Muslim Brotherhood in their global war of conquest. The Republican Party is complicit because leaders such as Romney and McCain did not protest and battle against Obama's and the Democrats' abandonment of their principal constitutional duty to defend the nation against all enemies, foreign and domestic. Islamist subversion inside our government is taking place and al-Qaeda is gathering strength as a result of Obama's policies and actions --and his false claim the threat has ended.

It touches on what he has done up until this past Spring. What irritates me most is that no body is doing anything to toss the liar out of office. I am a Veteran and it is an absolutley shameful what he has done to all veterans active and retired.

Are you still happy you voted the way you did? It is easy to see how this man hoodwinked so many people and it is true that the networks do not ever hold him accountable. He and his cronies never intended to make America better, since he is using the Alinsky method to make America more like Europe and the Middle East. If you are a Van Jones fan, you will not find this book to your liking. If you are a real American, you can do something about it by telling your Congressman and Senator that you want it stopped, you want him held accountable. He never does anything to make our country better or safer and spends our money as though it was his own. We can't take too many more 100million dollar vacations.....

I am recommending this to everyone I can. I don't care what party you are affiliated with - it doesn't matter. What matters is that we should be afraid, very afraid of where this country is going. Thank you David for having the hutzpah to put this out and open our eyes. it is short and concise, no excuse that you don't have the time to read it., I wish that I had the answer as to how we as AMERICAN citizens can band together to get this madness to stop. Shame on both parties, one for not having our best interest at heart and the other for rolling over like a dead dog! With the current high threat it is a great time to read this. What is our administration subjecting us to and, why are they seemingly supporting those who wish to destroy this great country?

A very clear and factual exposé of Mr. O'Bama and his policies is presented in a very lucid and eloquent essay. Mr. O'Bama's utter failure to recognize "an Islamic war" being waged against "western values" appears to be matched by a similar failure of the press, the Republican spokesmen and the media to hold the president and his Democratic Party followers accountable for promoting and perpetuating the betrayal of all countries whose "western values" are being attacked. Mr. Horowitz has been able to marshall the facts and the historical data implicating Mr. O'Bama and his political supporters in an unprecedented display of weakness, prevarications, and moral decay. Hopefully America can rediscover its historical compass of leadership.
