Synopsis

A powerful guide to open your life to the wisdom and healing of the Angels and their love for us • Contains instructions from the 12 Archangels on how to transform our deepest fears and hurts from the past • Includes Angelic guided visualizations on working with Angels to access the healing power of the chakras and to manifest with the creative imagination • Contains 48 specific messages from the Angels, designed for quick access to practical guidance when needed in daily life

Angels are loving forces in our lives. Each of us has the ability to communicate with them if we open our minds to their teachings. Belinda Womack was a believer in Angels until the age of 12, when she decided she wanted to become a scientist. Years later, working in a biology lab, she found herself in the presence of the Archangel Gabriel and realized her calling as a spiritual conduit for Angelic healing and support. In this book she shares lessons, practices, and daily guidance from the 12 Archangels to help us listen to and heal our wounded inner child, release our fears, and enact deep subconscious transformation. Each word, transmitted directly from the 12 Archangels, carries their love, so that when read, the love is absorbed into the reader's mind and supports the release of our deepest wounds and fears. The tools and exercises shift your vibration so results are both felt and experienced immediately. Each message awakens your innate spiritual power to rebuild destroyed self-esteem, lifting you higher in vibration and allowing life to be filled with the power of your own divinity. The book includes Angelic guided visualizations on working with Angels to access the healing power of the chakras and to manifest with the creative imagination, as well as specific messages from the 12 Archangels designed for quick access to practical guidance when Angelic support is needed in daily life. As Belinda Womack shows, by opening ourselves to the support of the 12 Archangels, we can move out of the past and into Heaven's abundance, heal our inner wounds, and shift our vibration to one of unconditional love for self, others, Mother Earth, and the Universe.

I am amazed by the number of meditative visual imagery exercises given. This book is a treasure chest full of messages from the Archangels helping us to remember why we are here and help us to achieve our true potential. It is so uplifting to know we all have so much unseen help and support. This book will help change your everyday reality. I was fortunate to be able to read Belinda's first book so I have become familiar with the chakras and the healing energies associated with different color vibrations. If this is the first time you are reading this, you may find it new and unusual but that is because you are having lessons from the Archangels. Believe and trust that we are meant to live happy lives and we have the ability to do this. This book will help us find what is blocking us and gives us the way to clear it.

If you're reading this, this is your sign, it's time. Belinda Womack has channeled the angels and as she says, "their book" is simply put, straight-forward and easy to understand. You can shift your energy in moments by reading one message included in this book. Each angel message is a separate category and therefore easy to find. Got a question? Look up the topic, read the message, do the visual imagery exercise and see how you feel. I'm betting GREAT. It's that easy. There are so very many imagery exercises, it's hard to stop at one. The messages are short, succinct, but then, why wouldn't they be? The angels wrote them and want us to GET the message - not a lot of fluff to go through, no deciphering what does this mean? CLEAR. You get what you need when you need it and this book is delivering it to you. Buy. Read. Do. An investment in yourself from the angels - doesn't get any better than that!

Belinda has created an angel masterpiece. She discusses many angels and how they can assist us in daily life. The book is full of love and light that seems to radiate from the pages as one reads the book. The book is much more than the traditional glossing over of the archangels. Belinda share visualizations for working with the angels and how the angels can assist with clearing the chakras. The exercises will raise your vibration.
