## Customer Reviews

This book just arrived and I expected a beat up abused text because they noted the condition as just GOOD. This book is in amazing beautiful clean almost pristine condition. Now, I want to get all my books from these people. Now...to review the text book. Weeeellllll, it's a textbook. Yuck. BLAH...hard work ahead. I can't compare it to previous editions because I don't have them. It's smaller in size which I really like. Smaller generally means less to carry weight wise and less space consuming in my bag so that's good. Now there are a couple days of freedom before class starts so we will see what goes with the bold then!!

If your syllabus doesn't say to get the brief edition then don't get the brief edition. I figured I'd get it cause it was easier to just download it than to go buy it but none of the essays I needed were in it

Very few of the readings needed for class found in the printed edition were in the kindle edition. Unless your professor explicitly states that you can use the Brief edition DO NOT BUY!

I used it in my English class and it was a good guidance in learning the freshman level of college english. Thank You

It is not a complete book. I already have a print version but I wanted a kindle version. I want to carry light in my backpack. It will be easy to highlight, make notes, and share (in an easy way to share without link to website's page to encourage people to buy book. :/ ) It would be nice if this book would be released in a FULL version for kindle. If it does come out in full version, I hope to be able to buy it at a discount.

It is very interesting and it was exactly what I need. My ENC1101 professor recommended this book and I think it is more than good.

As an instructor, I have used this text (in one edition or another) for many years and still find it one of the best around. It offers clear explanations of various rhetorical patterns as well as multiple examples from both student and professional writers.

This "custom edition" should have been referenced as an abridged edition. It is NOT the full reader and so is mostly useless for my son's class. I suppose I should have guessed that custom = abridged, but since there is a "Brief" edition, I assumed that this just had Tulsa CC all over it. Since this book is out of print, getting the right edition is crucial. Now my son is behind in his reading, I'm out my money, and all because the information was not explicit. The info I needed was right on the flyleaf!! I'm sure this edition is useful for people who don't really care about having the full edition, but it's not much good to me.
