Middlebury Sanitarium (Moving In Series Book 3)

Synopsis

Brian Roy is the brainchild behind the Leonidas Group, a ghostbusting organization with a track record of incomparable success for tracking down and annihilating ghosts. This time, however, Brian may have met his match with his latest job investigating Middlebury Sanitarium! Occupied by a host of undeads, Middlebury Sanitarium has a history of drugging its residents to prevent them from entering the grounds at night and becoming a part of the "lost brigade" - never to be heard from again. From a vengeful King who ruthlessly protects his royal domain, to Clyde a faceless soldier who's still fighting WWI "Brian"™s got his hands full! And then there's the boneyard! Now, Brian teams up with an old vet caretaker, Ken Buckingham, to de-ghost the place. But the shrewd, kindly old man has a few secrets up his own sleeve that even Brian could have never anticipated.

Customer Reviews

Review: MIDDLEBURY SANITARIUM by Ron Ripley (Moving In #3) This story is extraordinary!! I've enjoyed this Trilogy (anything from Ron Ripley is well worth reading) but MIDDLEBURY SANITARIUM is over-the-top great! Horror, terror, implacability!! If you've always thought death is

the End--not so at Middlebury, where you can't check out and you'll sure never leave. So thankful I read in daylight!!

I was entertained and enthralled by this installment! I love the characters, the evil and good spirits that haunt the Sanitarium. Good writing kept me reading until the end. Hopefully, there is another installment to wet my appetite!!

This was a great story. It was by far the scariest and most fun to read of the 3 in the series. Getting the history in parts made it more interesting and was a good way to get to know living and dead alike.

Short, sweet, to the point, I'm so happy I discovered this author. So far all three books have been crazy different, but managed to stay true to the formula that managed to make it great. Looking forward to more.

The best book yet. I really thought my favorite was blood contract which it is but I really like this book even better. Well written not a place I would want to hang out or drive by in the middle of the night.

Just finished the last book in this Moving In series although not chronologically. Every one was a page turner from first page to last. Looking forward to indulge myself in many more of Ron's works. If you like ghost stories DO NOT MISS RON RIPLEY BOOKS they are really different and absorbing!!!DR.

I read them cover to cover ! I was thrilled to see more of this series as its written well and I've come to love all of the characters! Its scary and the cast is lovable and you've made me a very happy fan ! I'm gonna read all your books !

I have always believed in ghosts but I have never been spooked by ghost until I started this series. At 58 years old this is the first time I have ever had to turn the lights on at night to get a drink of water. Well done.
