Decision Making In Small Animal Oncology

Synopsis

Decision Making in Small Animal Oncology is a practical manual for the increasing number of veterinarians called upon to treat patients with cancer. This case-based quick reference leads practitioners through diagnosis, treatment, and management decisions, offering reliable guidance for more effective management of cancer care. With easy-to-follow algorithms to assist the reader through the critical thinking process, Decision Making in Small Animal Oncology answers the questions most commonly asked in daily practice to provide the cancer knowledge practitioners and students need in general practice.

Customer Reviews

Covers oncology principles and practice, treatments (chemotherapy, biotherapy, pain management, palliative care), specific cancers (lung, mammary, prostate, ovarian), and group-specific oncology. Yonatan Cohen, Israel

Exactly what I was looking for to help me understand the options and challenges facing me with my dog's cancer diagnosis.
