## Synopsis

The central deity-personalities of the Urantia Revelation are humanity's spiritual parents--Christ Michael (or Jesus) and his coequal partner, Mother Spirit. In this sequel to *The Adventure of Being Human: Lessons on Soulful Living from the Heart of the Urantia Revelation*, the focus is exclusively on Mother Spirit--the all-loving, omnipresent mother of us all. She is the reality behind all of the cherished notions of a divine mother throughout human history as well as the majestic source of the Holy Spirit, and of life itself. In this charming guide you will learn all about her and discover how she regards the unique challenges of being human. She will explain why our lives on this complex and sometimes dangerous planet offer an ideal setting for our adventures of soul growth. This book provides a selection of Mother Spirit's teachings from her many years of "live" transmission sessions, along with rich supporting materials. Her unprecedented and delightful instructions on the art of soulful living are more accessible than ever before.

## Customer Reviews

One of the most helpful works available for appreciating some of the deeper ideas of revelation of The Urantia Book. One familiar with the original book, The Urantia Book, will find many major themes woven together and juxtaposed in multiple dimensions of thought and sensibility, thereby revealing new alignment of facts, meanings, and values which illuminate tremendous insights. Practical spirituality.

Reading years of Mother's transmissions, getting to know this Other Parent, along with Michael-Jesus, has been a blessing by realizing her loving and intimate devotion to us, her children. The book can be an introduction to her as you read her teachings on your being a spiritual, unique creation of this planet. You will feel why this book has been titled an adventure, what a never-ending trip you are on, loved always. A second goal of this book is to introduce you to the "unique Urantian cosmology", based on The Urantia Book, a book like no other in its scope and depth, explaining universe concepts through years of transmissions from our Parents. Come join the fun of discovery.

"The Adventure of Being Human II: Mother Spirit Speaks" extends the universal spiritual wisdom found in the Urantia Book from the point of view of our spiritual parent. She teaches that we are each co-creating our inner and outer reality by way of our own creative spirit. She also teaches that love is dynamic, not a possession. Love only exists in the very use of it. The truth expressed in this book flows in harmony with the highest spiritual wisdom taught in Christianity, Buddhism and Hinduism. It is a new way of revealing ageless truth in modern language. Jacqueline H. Faber

This one is even better than the first. The lessons are simple to understand but incredibly profound in their implications. This is recommended for all those who genuinely and sincerely seek divine guidance in their daily lives.

Very disappointing book from an author that I expected more from.
