Gandhi: An Autobiography (Green Reader): The Story Of My Experiments With Truth

Synopsis

The first edition of Gandhiji's autobiography was published in two volumes, Vol. I in 1927 and Vol. II in 1929. The original in Gujarati, which was priced at Rs. 1/-, has run through five editions, nearly 50,000 copies having been sold. The price of the English translation (only issued in library edition) was prohibitive for the Indian reader, and a cheap edition has long been needed. It is now being issued in one volume. The translation, as it appeared serially in Young India, had, it may be noted, the benefit of Gandhiji's revision. It has now undergone careful revision, and from the point of view of language, it has had the benefit of careful revision by a revered friend, who, among many other things, has the reputation of being an eminent English scholar. Before undertaking the task, he made it a condition that his name should on no account be given out. I accept the condition. It is needless to say it heightens my sense of gratitude to him. Chapters 29-43 of Part V were translated by my friend and colleague Pyarelal.

Customer Reviews

I have been wanting to read about Gandhi for some time and I noticed this on the Kindle list and

started reading it. He has written this in an easily read form and it is mostly as if he is talking to the reader. He covers his life as he saw it and provides the reader with insight as to what moved him to his life of serving. I never knew that he got his start in serving in South Africa. I think this should be required reading for students as it is a wonderful book and not slanted by anyone other than Gandhi himself. I highly recommend it.
