Title: Coming In Hot
Authors: Multiple
Designation: Contemporary Paranormal Medical Romance Box Set
Reading Platform: Kindle Edition
My Rating: FIVE SINFULLY DELICIOUS STARS*****
Oh my! Oh my! Oh my! Oh my! Somebody call 911...Stat! I love, love, love Coming In Hot! I'm so darn excited about this collection, I can hardly stand it! I don't even know where to begin! Anyone having read my reviews in the past probably already knows how passionate I am about box sets. I LOVE them! They're not only a great bargain but I also get to sample new authors without breaking the bank. But this collection is hands down, one of the best, if not the best, I've ever purchased. Initially, I decided

to purchase Coming In Hot simply because several of my favorite authors had stories included. If Elianne Adams, Gina Kincade, Rebekah Ganiere, and Bethany Shaw were to publish their grocery lists, I'd probably buy it, sight unseen and pay way more than 99 pennies! And yes, I love their work that much! But there are so many more reasons to love this collection....twenty-one reasons to be exact. That's right...for only 99 pennies, you get twenty-one complete standalone stories, some full-length and some novellas, and all of them are well crafted, edited, beautifully written and sinfully delicious. I adore contemporary romance, love sexy medical professionals, and completely smitten with anything paranormal but combine the three and I'm in heaven! Wow! My two favorite genres in one irresistible collection! And that's exactly what these authors have given their readers in this sinfully delicious collection. It just doesn't get any better than this, folks! I've read them all and loved them all, so if you love romance, be it paranormal or just plain contemporary, then this set is definitely for you!
