Fatal Error: A Jess Kimball Thriller (The Jess Kimball Thrillers Series Book 4)

Synopsis

Greed kills. Unless Investigative Reporter Jess Kimball's impossible mission to protect crime victims succeeds in this new novel from New York Times and USA Today Bestselling Author Diane Capri and Nigel Blackwell. Fatal Error is the exciting sequel to Fatal Demand. In Fatal Demand, Jess Kimball and FBI Special Agent Henry Morris worked furiously to stop a spree killer. But one last victim remains, held hostage in Italy. When Jess accidentally thwarts the money-for-hostage exchange at the Rome airport, she becomes the killer's number one target. Jess begins Fatal Error as the hunter, but she becomes the hunted. Can she escape Enzo Ficarra's plan to avenge his brother's murder? Or will Jess make the Fatal Error? Customer Reviews

I have to admit, I was a little apprehensive about seeing two novels along the same story line released at once but I walk away amazed and eager for the next! Picking up seamlessly where "Fatal Demand" left off, Jess Kimball pursues the 2nd and most dangerous of two Italian brothers introduced in the previous novel. She's in Italy where her contacts and support group aren't much help to her. Agent Morris is her chief ally and the developing relationship with him is intriguing and keep the reader guessing. A complicated and dangerous situation gets even more so as Kimball tries to help an elderly couple in the States hold on to all they have rather than lose it to a ruthless crime boss who has abducted their n'er-do-well son. She has to be creative and resourceful, drawing on all the experience she has to navigate the narrow path between the authorities, her strong motivation to keep her word and the draw to write a good story. The story moves along quickly, with suspense and the reader's investment in the lives of the characters building with every page. I have to give credit to Diane Capri here. She has become a masterful writer. There are a number of good writers out there that can move a plot along and hold complex stories together well. Diane has emerged into the rare air of great thriller writers. She does it by developing the plot while giving the reader an incredible experience in the details. Her depiction of Jess's rooftop cafe experience is sheer art. It is, IMHO, worth the price of admission alone. There are innumerable moments like this in the book.
