The Park Murders (Kindle Books Mystery And Suspense Crime Thrillers Series Book 1)

Synopsis

A twisted tale of murder for hire. Mark and Caro are two happy go lucky students enjoying a carefree life in posh, decadent Metroville. The apparition of a contract killer stalking Caro puts an end to their charmed existence and allows Mark to unleash his terrifying propensity for murder. --The Park Murders is the story of two poor students, Caro and Mark, unavoidably forced into a life of crime when Caro becomes the unintended mark of a professional assassin.

Customer Reviews

First of all it is short. I was surprised by the ending. It takes a little while to understand the characters; to analyze them. Not a cheerful book. Have to admit it was a bit different. So if you are getting bored with the usual try it out. It is suggested that you can read it in less than 2 hours.

I actually really enjoyed this book. I was kind of surprised because murder stories isn't really my genre. I use reading to escape from the world and this definitively was an escape. Is it Shakespeare? no, but I did enjoy it.

This book starts off a little weird in fact I thought I would just stop reading as I found it a bit hard to read, but once I was into it I found it really quite good and began to understand the beginning. I enjoyed it.

it's hard to evaluate this novel especially if you're not really in to crime and suspense novels. however, after I finished this book, I started to love the genre.. looking forward for more novels like this in the future!

A twisted tale of murder for hire. Many enjoyable elements in this story, murder, look alikes, rich family and rivalries. There is a loop hole at the end of the story.

The world is a scary place, so sometimes escaping with a thrilling book is a way to forget for a minute or two about all the real troubles in the world. This wasn't so captivating at first, but as the story went on it caught my attention more and more.

Eh. I enjoyed the writing style, but the story itself didn't really leave me guessing. A lot of stories are somewhat predictable, and that doesn't take away from their enjoyment; I guess I was just expecting something a little different.

This book was so overwritten I found it too tedious to continue past the first pages. Too bad, because the plot was engaging, so it had possibilities. If you love words and using 10 when 3 will do, or stilted phrasing, or even want a vocabulary workout, this one is for you.
