Customer Reviews

It is with great pleasure that I get to write a review for this book, for my publishing company sifted through the mountain of manuscripts looking for a great book to get behind, and this was it! When I read this book, I cried realizing that the information in it could save my 75 year old mother or my 76 year old husband from being abused because I became educated on what to look for and what to do about it. What a great resource, I was blessed to be privy to the information in it, and blessed to meet and work with this wonderful author who is not concerned about selling a million copies, but is concerned about improving and saving lives of our seniors. You are gonna be old someday, might as well get educated now! Read the book. :-)

Wow is the main word that comes to mind when I think about how to sum up my thoughts about this

book. Informative, shocking and incredibly helpful in bringing the issues of crimes against people in america 60 & older to light and knowing how to avoid them.

What an awesome book! Our seniors are a precious treasure and it's about time someone stood up for them. Thank you, Judy Hanna, for doing that. A must read for young and old alike!

Baby boomers and senior citizens say this book arms them with the information they need to save themselves from becoming one of the six million homicides per year that are undetected and unpunished. It is like having one of God's Angels on your shoulder helping you navigate a dangerous minefield!
