# Memories Of Heaven: Children's Astounding Recollections Of The Time Before They Came To Earth

## Synopsis

Poet William Wordsworth expressed the idea that we gradually lose our intimate knowledge of heaven as we grow up, observing that "our birth is but a sleep and a forgetting" of our previous existence in Spirit. Dr. Wayne W. Dyer and co-author Dee Garnes had often talked about how the ones who know the most about God are those who have just recently been wrapped in the arms of the Divine: our infants and toddlers. In fact, Dee had an interaction with her own young son that convinced her of his acquaintance with our Source of being. Curious about this phenomenon, Wayne and Dee decided to issue an invitation to parents all over the globe to share their experiences. The overwhelming response they received prompted them to put together this book, which includes the most interesting and illuminating of these stories in which boys and girls speak about their remembrances from the time before they were born. Children share their dialogues with God, talk about long-deceased family members they knew while in the dimension of Spirit, verify past-life recollections, give evidence that they themselves had a hand in picking their own parents and the timing of their sojourn to Earth, and speak eloquently and accurately of a kind of Divine love that exists beyond this physical realm. This fascinating book encourages all of us, not just parents, to take a much more active role in communicating with our planet's new arrivals . . . and to realize that there is far more to this earthly experience than what we perceive with our five senses.

## Customer Reviews

Memories of Heaven Children's Astounding Recollections of the Time Before They Came to Earth By Dr. Wayne Dyer, Dianna (Dee) Hicks-Garnes Readers familiar with Dr. Wayne Dyer know he is laughing joyously from Heaven as his final book is released in the world; this book about Heaven. He loved hearing stories from children especially when they were spiritually motivated. This book is no different. His good friend and assistant Dee told him about a moment with her son regarding his memory of God and what came before he was born. That singular moment led to this compilation of stories of children from all over the world as their parents/grandparents recall similar moments of child-inspired insight. This book is a joyous celebration of the innocence and mystery of life. If you as a reader are looking for documented-factually tested scientific proof of an existence beyond this life, you will have to look elsewhere. If you already believe that there is existence prior and after this life, this book is a wonderful collection from people all over the world sharing their experiences. The stories are arranged in chapters such as Memories of Heaven, Memories of Choosing Parents, Memories of Family Reincarnations and Role Reversals, Memories of Spiritual Connections to Our Source, Mystical and Precognitive Wisdom, Invisible Friends and Spiritual Visitations, and Angel Stories. At the beginning of each chapter Wayne writes an introduction and anecdote that relates to that chapter. To read of the sincerity of these children is a precious gift for those needing to hear these heartfelt stories. It is a way to lighten the hearts of adults and give them that pause to feel the love and light from a child's heart.
