PERFECT CRIME (Three Mystery Thrillers): Sudden Anger, Accidentally On Purpose, Dead Secret

Synopsis

Gracie Greene has secrets. Sudden Anger Many people had reason to kill the victim, and they tried 'til they got it right. You'd think that would leave plenty of clues, but they don't add up right. Can a 16-yr-old. Accidentally on Purpose A teacher was found dead and a lot of other students have had accidents, some serious. Gracie Greene's not so sure they were accidents, but can she find the pattern and motive before someone else dies? Dead Secret At 18 years old Gracie Greene has already solved 2 murders. Now she finds herself a suspect in a 3rd murder and must solve it to clear herself.

Customer Reviews

These stories were just too immature for me. I thought they were great for teenage mystery novel lovers but for me it was too hard to wrap my head around relating a seasoned and professional homicide detective consulting with a teenager to solve his case. Not only is he consulting with her (and in the second story her classmates and friends) but also keeping them fully abreast of how his investigation is progressing. Just couldn't relate and became bored quickly when it came to the events of these teens everyday lives. Would only recommend to teenagers.

I choose this rating because this book had twist and turns. Gracie Greene was an exceptional detective. I have read two other books by Jack Parker and enjoyed those as well. Looking forward to reading more of his books.

(This was a book downloaded for my 90 year old grandfather, he is using my kindle. always asking for more books, never complains about what he read, always "yea that was a good book." he just likes to read.)

Three stories with the same main characters in the lead but very different story lines. The beginning describes two players, the middle is what happens, and the end solves it completely. A real "who done it" .

A great book. Three great mysteries. , love this Gracie Greene series. Definitely want more. What's next in this series.

1st mystery : You can very easily guess who did it at the beginning though you have to wait the very end of this rather long story to know the reason of the murder. So I haven't been convinced by this 1st story.2nd story : after a few pages, I realized that I had ALREADY purchased this stand-alone book in the past :-(I started the 3rd story but am not too convinced in finishing it.The writing style is okay, and grammatical errors are rare (good for a cheap book). Note that I don't think it qualifies for young adult reading: there is no explicit violence nor sex at all, but some characters have a very debatable life or attitudes without being really criticized. Some childish "improvements" at the end to close the story are a bit naive (gold digging wife going back to school eg).I would give 2.5 stars if that was possible because it's definitely cheap and readable.

This was a great storyline it all wove together with great interest. It reminded me of a grown up Nancy Drew.

This is a good read for youngsters. Highly recommended for the young mystery reader. I found the story line interesting.
