The Big Bamboozle: 9/11 And The War On Terror

Synopsis

From the perspective of a Boeing 767 captain and former "special activities" contract pilot, Philip Marshall straps the reader into the cockpits of hijacked commercial airliners to tell the story of the most sophisticated terrorist attack in history. Based on a comprehensive ten-year study into the murders of his fellow pilots on 9/11, he explains how hijackers, novice pilots at the controls of massive guided missiles, were able to beat United States Air Force fighters to iconic targets with advanced maneuvering, daring speeds and a kamikaze finish. The best book on 9/11 and the false terrorism created in the Post 9/11 World. Philip Marshall explains Saudi Arabian Intelligence agents role in 9/11, false flag operations, false reports of Weapons of Mass Destruction, false flag terrorism, false Anthrax threats, media created and al Qaeda disinformation on the 9/11 attack.

Having read Susan Lindauer's Extreme Prejudice and Sibel Edmonds Classified Woman, I read this astounding, concise and succinct book not once but twice. I knew about the shenanigans of Cheney, Rumsfeld, Pearle, Libby and the rest of the nut bags and their ideological call for an

invasion of Iraq in the late 1990's. If you read this short well documented book, you will come away appalled at the conspiracy of Junior, Cheney, Rice, Rumsfeld and company to recreate another "Pearl Harbor" to further their dream of a new police state. I will remind readers again about the interview in October 1967 in Playboy magazine in which District Attorney Jim Garrison said: "In my own experiences, Fascism is coming to America in the form of National Security". How prescient. Thirty four years later, that is what we have become. Forget the main (lame) stream media, do your own homework. I think Mr. Marshall's call for a trial of KSM is absolutely critical and one has to wonder why the "Intelligence Community" and the extreme right wing fear this trial. We can't try in open court a defeated, tortured man whom the government claims masterminded this horrific crime? I did read Compromised by Terry Read, and Iran-Contra is important to this story. Bush 41 has been running a shadow government for over 30 years. Many of the same players and tactics were used to create 9/11. When three of the four commissioners write books rejecting the 9/11 investigations and as usual are ignored, you have to be too preoccupied to ask why, or are part of the "Fleeing the flock" group. The investigations were as big a joke as the "Johnson Commission" which white washed the murder of the last change President, President Kennedy in November 1963.
