## Customer Reviews

A lot of really good stories here. I read a lot of Golden Age stuff and this volume included many not often anthologized. A few hoary old chestnuts like Asimov's "Youth," but for the most part very well

written tales by skilled writers, mostly from the mid '50's, the peak of the Golden Age. Only way to improve it would be to include some Heinlein....

Another book ideal for a long train journey. A few stories are slightly dated, a few predictable, but overall it's good value for money.

A good collection of science fiction.

Was a good mix of stories.
