For the most part, this text book is informative. However, it tends to read in a dull monotonous manner and it tends to dwell on subjects. It reiterates the same ideas in multiple paragraphs; when in reality it should have only taken one paragraph.

I had a hard time with this textbook. Most of the material seems like plain common sense to me and I don't feel like I have learned anything from this book so far (and I have read the majority of it already). The text is very redundant and becomes boring quite quickly.

This in combination with live Kaplan review makes a difference!! I passed my Nclex with 100 questions a day for 60 days!!

Our campus bookstore priced this book at \$62. I was pleasantly surprised to see it priced lower on . Always a good thing for struggling students. Thanks.

This book was a great review for thing that I had already learned. This book is very small so it is not as detailed as a med-surg book.

THE BOOKS ARRIVED EARLIER THAN I THOUGHT AND WERE IN VERY GOOD SHAPE FOR THE PRICE. I DON'T USE THEM UNTIL AUGUST BUT I WAS GLAD TO GET THEM EARLY. LOOK FORWARD TO ORDERING AGAIN FOR MY SECOND SEMESTER OF SCHOOL.

No flaws at all! Book came wrapped up plastic and hadn't been used by anyone. Much better deal than campus!

Required text: Bored to tears! But, if you've never had any training, then it's a good step by step.
