Crystals: Crystal Healing For Beginners, Discover The Healing Power Of Crystals And Healing Stones To Heal The Human Energy Field, Relieve Stress And Experience Instant Relaxation !-THIRD EDITION-

Synopsis

CRYSTAL HEALING FOR BEGINNERS 3rd EDITION: Discover The Healing Power Of Crystals And Healing Stones To Heal The Human Energy Field, Relieve Stress and Experience Instant Relaxation !Bonus Inside, Get It Today As Available For A Limited Time Do you want a comprehensible guide on crystals?Are you curious what crystals all can do?Healing Crystals is a well-rounded introduction to the importance and use of different crystals. It takes you through the selection; the cleaning; and the entire crystal handling process.After reading this guide, you are able to tell what ailments to clear with what crystals, and what crystals to carry with you for general protection against destabilizing energies. Even as the book shows you how to live a life with minimal medication, courtesy of natural crystals, it also warns you against specific crystals that are poisonous and dangerous to your health and that of other people.You will be glad to learn too that although the facts surrounding crystals were not well known in the past, people still used them to improve their way of life, deriving mental, spiritual and physical wellbeing as a result. In this book you will learn: What distinguishes crystals from gemstones How chakras and crystals work together to improve your health The religious point of view regarding crystals How compatible crystal healing is with psychic healing How to select your crystals and handle them How to clean and recharge your crystals Crystals that are suited for kids How to solve love and money issues using the potency and vibration frequencies of crystals The toxic crystals to avoidAnd much, much more..Want to find out more ?Download your copy today!

Customer Reviews

Crystal healing is a new thing for me and by purchasing this wonderful book i get to know more about it and how it affects my overall well being. The book started of as very informative since it gives a brief preview of how chakras work which i like. It is reader friendly and coherently written making it ideal for beginners like me. The book taught me the importance of keeping the balance of that energy within me in order for my life to be productive and have peace with oneself.

I have read this book one more time. This book is about crystal healing . There are a lot of different ways to utilize them .This book is all about helping people discover the fascinating method of crystal healing. It introduces to chakras and what they are as well as the many benefits that different crystals can have. This book is aimed specifically at beginners, which means it's written in a way that is easy to grasp and understand. I recommend this book.!!

Even though I have been utilizing crystals in my life since a very young age, I feel one can never learn enough about something that they are passionate about. As I teach others about crystal healing now at this point in my life, as well as utilizing many various types in my healing as a Reiki Master Teacher, I always like new viewpoints and words of wisdom on the subject. I read this book with a very open mind, and although it was somewhat elementary from a viewpoint of someone who has made a point to live their life using crystals, I gained considerable knowledge and things that can be shared. On that note, I would definitely recommend this book to anyone just starting out, or even to anyone just looking for a different viewpoint. It's a quick but educational read. I enjoyed it. :)

This is the most detailed guide that I've read about crystal healing. It contains just about everything you would like to know about energy, power and the mysteries about crystals. It even has a list of stones and crystals for your reference. So find out how to start your healing crystal collection to increase good vibes and learn the different healing properties that you can enjoy.

Had some interesting and helpful information!! This was an unique and educational read. I never realized how broad the subject of crystals really was. I didn't know it could be used for medical uses and certain kinds of crystals relate to human personalities. Nice to learn something new.

Well written to be easy to understand for a beginner. Illustrated sections might make it even clearer.

I've just recently come back into using crystals, so I got this book to help me on my healing journey. I enjoyed the author's writing, as she explains things easily for inexperienced beginners such as myself to understand. I would recommend this book for sure.

This book has everything you want to know about crystals. Crystal healing is an alternative treatment that is non-invasive. The book says that the treatment can harmonize the body, mind, spirit, and emotions while increasing feelings of well-being. This book is easy to read and well-organized. Thank you !
