## Customer Reviews

These are the cards, I, and many others may have been waiting for a very long time for. It is very difficult to ascertain accurate readings regarding romance when the cards are not specifically designed for such, and I can assure you, I have tried! So what a relief to find that Doreen Virtue has created a very beautiful gold edged set of cards with such romantic images, it feels like Valentine's Day has arrived early! The cards are very precise and have been able to guide my love life, encouraging me or cautioning me as necessary, interspersed with affirmations to say to the romance angels, that I did utilise, and I certainly felt heard and reassured, in fact, each entire reading reassured me, steering me onward to rise in love (instead of falling in love). I enjoyed choosing the three-card reading suggested, rather than one card, and also tried selecting six cards, just as an experiment to see if the cards would reveal a deeper pattern, which they did to a degree,

but sincerely the three-card reading is just perfect. The little accompanying booklet gives just the right amount of advice, without being too lengthy, so one is able to check if one is on course, re-navigate if necessary, and feel wholly comforted and supported: - I can feel the angels permeate my readings, uplifting my existing positively about love, and negating any doubts, until they finally dissolve. With the Romance Angels Cards, it seems there is always an answer, and fortunately you do not have to spend a considerable amount of time trying to decipher the cards meaning and how it applies to your particular situation.
