Monster: Angels Of Chaos MC

Synopsis

I thought he was my savior. If only I'd known he was a murderer, too. Getting trapped in the snow was my own fault. For a moment, I thought I would die out there. So when the sexiest man I've ever seen pulls me back from the brink of death, I suppose I should be grateful. He takes me home, warms me up and lights a fire inside me that only his touch can heal. Now I'm burning with desire for Jax — his hands, his mouth, his body. I know he's no good for me, but nothing can stop me from craving him. That is, until his past rears its ugly head. But by the time I learn he's truly a monster, it might already be too late. At first, she wanted no part of me. But some kinds of darkness are hard to resist. I know I'm not a good guy. Ever since my wife died, I've had a single rule when it comes to women: One night only. In all these years, I've never broken it. That is, until I met Christina. She's got a body like sin and a sassy mouth to boot. I want to f**k her until she's hoarse from screaming my name. She doesn't know I have secrets. She doesn't know what I've done. And even after she discovers who I really am, it won't matter anymore. She'll have to find out the hard way: once you come home with me, there's no going back. MONSTER is a full-length, standalone romance novel with steamy hot sex, strong language, a happily ever after ending, and NO CLIFFHANGERS. Contains dark and disturbing themes, and over-the-top sexiness that may be uncomfortable for some readers. Perfect for fans of Sam Crescent, Jenika Snow, L Wilder, Sabrina Paige, Lauren Landish, Vanessa Waltz, Jordan Marie, and Nicole Snow. If you like Monster, check out two of my other steamy MC romance novels: TROUBLE and BOUNTY.

Customer Reviews

So I thought this book would be another biker one. With the woman being held at club. Totally wrong. Christina and Jax have great chemistry. Christina was in an abusive relationship, Jax was married at one point. I started this book at 4 in the morning and could not put it down till I read the last page. I will definitely read another book by this Arthur.

I'm actually an incredibly honest person when it comes to reviews. I don't review through rose colored glasses. Not everything is deserving of five stars. I know authors put a lot of effort into writing these books and it's not like I'm writing anything, but they're just not all good. For instance, this book, I'm glad it was free on KU. The quality of this book isn't bad. There's no grammatically or spelling errors. I just feel like it was written in a really juvenile tone. Yes, there are sexy times scenes but the rest of it seemed very simple. The plot of this book is very cliché, girl runs from abusive ex boyfriend, right into the arms of someone she's hearing isn't much better. He's accused of something he says he didn't do but he says he's not a good man, but it never goes into what's he's done. And then it seems like there are a lot of last-minute pile ons just to try to make the story just a bit more interesting. It felt so very tacked on. Lastly, the amount of inner dialogue in this book.....I felt myself skimming through probably about a third of this book. I was just glad when I was finished. And just fyi, this was not your run of the mill MC book -- there wasn't told much about it; it was not a main plot in this book.

Loved the two main characters, their chemistry on the pages was really great, love a romance story with a dog and even the dog was connected to the history of his wife. The wife's story was a really pleasant surprise giving the overall story its mystery and suspense and explained Jax's characteristics. The story flowed well, we were given snippets of both main characters' pasts to explain how they hid from new affections, how they fought against their attractions and the sex scenes were very hot, passionate and intense. The ending to the story built up slowly but solidly, you knew there was going to be some heart ache associated with Christina's past and this

provided great suspense before we were given their HEA.

Christina was running from an abusive boyfriend and got stuck on the highway during a snow storm. Jax a former MC club member living on the outskirts of town in an isolated area noticed her car stuck in the snow and went to help her. He offered her to stay in his home for the night and against better judgement did. Sparks flew along with questions and doubts. Story plot just okay.

I was very pleasantly surprised with this book. At first I was just expecting another MC type story but it was really a lot more than that. In fact, it's barely a MC book at all. Other than a few mentions of the Angels of Chaos MC it's mostly about Christine and Jax, the strange circumstance that brought them together and the dangers from the past that will pull them apart.

This really shouldn't have been classified as an MC romance. Jax was in an MC, his background story is based on it, but it is more a story of his life after emerging on the other side. Christina also has her own horror story she is running from and when the two collide, it makes for a wonderful romance. I liked Christina because she thought for herself and had her own opinions. Jax is definitely a keeper.

This is my second book from Zoey Parker and again I was not disappointed. Jax and Christina were so great together. I loved how Jax kept coming to her rescue over and over in this novel. There was a bit of everything in this story - rescue, romance, hot sex, stalking, kidnapping, action. It was a good read that held my attention until the end. I really liked it.

It started out well enough I just don't like the back and forth switch between the two characters. Despite that I read on, the SL was realistic enough although there were editing gaffes that should have been avoided. My biggest complaint was; I was 46% into the story and noticeable pieces of the paragraphs came up missing. That lasted a few chapters, big turn off. As enticing as the other stories are I won't be pursuing them.
