# Compass Of The Soul: 52 Ways Intuition Can Guide You To The Life Of Your Dreams

## Synopsis

This is the book that will point you in the direction of a new life—the life of your dreams. In *Compass of the Soul*, Lynn Robinson leads you on a journey of discovery to a life that's full of joy and purpose. She shows you how to tap into your own intuition to reveal the endless possibilities of the life you were meant to live. Each of the 52 chapters contains a motivational quote, an intuition exercise, and a thought-provoking question that you can answer in an intuition journal. The chapters are easy to read and full of practical, down-to-earth advice about how to tune in to what Lynn describes as your "inner success coach." You will learn how to:

- o Take small steps to create positive changes in your spiritual, personal, and financial life.
- o Use your thoughts, beliefs, and expectations to change your life.
- o Find freedom from debt, worry, and fear.
- o Discover your purpose in life.

Do one chapter a week, read the whole book all at once, or pick and choose the areas you want to concentrate on first. More than simply paying attention to your intuition, living an intuitive life means acting on the wisdom you receive. Make the opening of this book the first act in creating the life of your dreams.

## Book Information

## Customer Reviews

If you've ever wondered what was missing in your life and would like to figure out what you really want, *COMPASS OF THE SOUL* is the book for you! Each of the ideas suggested in this book's 52 easy-to-read chapters includes real-life stories, practical suggestions, and straightforward intuition exercises you can put to immediate use in your life. Author Lynn Robinson excels at making sublime spiritual concepts accessible and comprehensible as she shares wisdom she's gleaned

from years of helping people make their dreams come true. Could you benefit from finding a way to recognize something good when almost everything seems to be going wrong? Would you like to know how to focus your thoughts on what you really want, rather than what you're afraid will happen or upset about having happened in the past? Let COMPASS OF THE SOUL help you rediscover your spiritual center and reacquaint you with the inner guidance system you were born with. This book is perfect for giving you a boost every time you read it -- whether you choose to devour it in one single sitting or savor each of its 52 chapters every week for a year. COMPASS OF THE SOUL is a rare gem of exceptional clarity and insight that is destined to be a classic book for anyone seeking personal coaching and spiritual guidance.

The one big thing I can say about this book is that I wish I had it in high school. It would have been SO helpful to me when I was trying to figure out what direction to go in. Now I'm in my 20s and I'm just glad it's out there because it's a huge help and I can definitely feel my life starting to change. When I'm reading it I feel like the author is a friendly teacher, right there beside me, giving me tips on how to get a great grade. I can tell you from personal experience that Miss Robinson is the best teacher I ever had.

"Compass of the Soul" is a great name for this guidebook to a better life. It refers to intuition - our "direction from within" - which is something I found easy to relate to because I believe in gut instinct. When I put to use what I learned from the short chapters and easy exercises, I was genuinely surprised at how quickly I could bring about positive change. The author has an engaging and humorous style of writing, and for skeptics like me, it doesn't hurt that her approach is sensible and realistic. Just one thing -- I wish she'd written it sooner.

My husband used to tease me about the "women's books" I was always reading. So the other day when I found "Compass of the Soul" lying on top of the Sunday sports section, I knew I had him. At dinner, I told him my intuition had informed me that someone besides me was reading a "woman's book" with a golden cover. He put down his forkful of spaghetti, looked me straight in the eye, and told me I was right and he wanted to talk about it. We did. And now he wants to read the author's previous book, "Divine Intuition." Go figure. Guess I'll have to check out the sports pages now. Conclusion: This is an inspiring guide for anyone of any gender who wants to start living their dreams. I especially recommend it for couples.

I wish I could find a self help book that would offer a cure for my self-help-book addiction. But until I do I'm glad I didn't, because I would have missed this wonderfully readable guide to happiness. "Compass of the Soul" absolutely energized me from the inside out. I usually take my time with this kind of book, but the author's way of writing is so downright delectable, I couldn't put it down until I ate the whole thing. Small, bite-size chapters. Easy-to-digest exercises. All in all, a totally tasty feast from a delightful master chef. Lynn Robinson, I thank you. And my soul thanks you, too. We're both looking forward to your next creation!

Compass of the Soul has inspired me to begin a journey of transforming what I considered an unfulfilling and undirected life into one charged with optimism and confidence. Lynn Robinson's unique approach to personal growth imparts her profound wisdom to both inspire and guide her readers in clarifying their personal dreams, affirming their goals, and guiding them along the path to self-actualization.
