Living On The Edge Of The Gulf: The West Florida And Alabama Coast (Living With The Shore)

Synopsis

The Gulf coast of Florida and Alabama is a fragile combination of barrier islands, low-lying marshes, and highly erodable mainland shores. In addition to sea-level rise, winter storms, and altered sediment supplies, hurricanes frequently damage or destroy the human developments and infrastructures that line this coast. Indeed, a single storm can cause billions of dollars in losses. Memories of such hurricanes as Camille, Frederic, Opal, and Andrew cause great concern for residents and property owners alike; events of equal magnitude are always just beyond the horizon and the uninformed have much to lose. The authors of *Living on the Edge of the Gulf* seek to counteract potential loss by providing an illustrated introduction to coastal processes, a history of hazards for the region, and risk-reduction guidance in the form of site evaluations, community mitigation techniques, and storm-resistant construction practices. Risk maps that focus on individual coastal beaches are designed to assist property owners, community planners, and officials in prudent decision making, while a review of coastal regulations helps owners to understand and navigate various permit requirements. This latest book in the *Living with the Shore* series replaces the earlier guide *Living with the West Florida Shore* and supplements the Alabama portion of *Living with the Alabama/Mississippi Shore*.

Book Information

Series: *Living with the Shore*

Paperback: 368 pages

Publisher: Duke University Press Books (July 17, 2001)

Language: English

ISBN-10: 0822325659

ISBN-13: 978-0822325659

Product Dimensions: 6 x 1 x 9.3 inches

Shipping Weight: 1.5 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars [See all reviews](#) (1 customer review)

Best Sellers Rank: #1,753,658 in Books (See Top 100 in Books) #325 in [Books > Politics & Social Sciences > Politics & Government > Public Affairs & Policy > Regional Planning](#) #596 in [Books > Textbooks > Business & Finance > Real Estate](#) #1473 in [Books > Science & Math > Earth Sciences > Geography > Regional](#)

Customer Reviews

Very informative and concisely written. Good stuff to know if you live on the Gulf Coast. Great value

for what you get.
