Customer Reviews

I am very pleased to find these books gathered together in one volume! I can't believe they took "The Books of Enoch" out of the Bible!!! From what I understand they felt it had its place in there for the first 300 years of the Bibles printing! I searched out the Books of Enoch because I was so curious, who was this man so loved by God that he was raptured never having to endure a earthly death? & why so little about this obviously important pre flood patriarch? Well after I read about him I not only had a better understanding of the Old Testament & the ways of God, but all the puzzle pieces started fitting together!!! Jubilees & Jasher are the icing on the cake adding even more detail to Genesis & The Old Testament!!! I was also a big reader of all the different cultures Mythology's & when you track the time line back you begin to understand who these ancient Gods really were!!!

They were the Archon & the other 200 watcher Angels that rebelled & the by product of their blasphemous union the Nephilim! Ancient Astronaut promoters claim we are a species with amnesia this is not so!!! It is all recorded in our Bible & the ancient Mythologies!!! They wonder how the ancient Megalithic structures were built with such high technology & wonder about the ancient mystery schools of Hybrasil & Lemuria & Atlantis & the lost continent of MU? Well its all here in these Biblicaly indorsed extra text!!! The most ancient writings "The Epic of Gilgamesh" mentioned that Gilgamesh sought out the man who built the Ark & met the son of that man, in ancient Hebrew this was probably Noah's great grandson that found the Archon stones & taught Gilgamesh how to become a giant & bring the Nephilim back into the world.
