Teaching Writing That Matters: Tools And Projects That Motivate Adolescent Writers

Synopsis

Language Arts teachers and teachers in other content areas will find in this book an exciting new framework for teaching adolescent writing and a wealth of tools to enact it in their classrooms. The emerging Writing Studies framework encourages student growth through reflection on writing, purposeful and audience-aware projects, and the support of a writing community. The book includes innovative project toolboxes that show teachers how to motivate students to write with confidence and skill from their own experiences, the texts they read, and the research they conduct. For use with Grades 6 & Up.

Customer Reviews

This is one of the best books I have yet to read with regards to teaching students how to write. I am a high school English teacher and highly recommend this to anyone looking for excellent, useful information to help motivate writers.

I found this book really helpful to teaching writing to my 7th grade English classes. It has so many very good ideas.

Excellent book! fits right into my philosophy on teaching and writing. All teachers should be reading this book!

Gallagher and Lee have a winner here that can immediately add to any HS or college composition classroom. In particular, their notion of writing studies bears reading--it's a great perspective.
